The Government of Gibraltar, in partnership with the financial services industry, is hosting a seminar in Frankfurt on Thursday 14 May 2009 on opportunities in Gibraltar's international financial services centre, focusing on the growing funds and wealth management sectors. Places are by invitation only.

The seminar will specifically cover, inter alia, the establishment of asset management operations and funds (including Experienced Investor Funds) as well as tax residence in Gibraltar for high-net-worth individuals. Presentations will also be delivered on Gibraltar as a jurisdiction, the economy, the benefits of its position within the European Union as regards the single market in financial services and its regulatory framework.

In order to confirm your attendance at the seminar please e-mail the institution that has sent you this invitation. Kindly provide all names, titles and company names as well as dietary requirements (vegetarian, kosher etc), if any.

*Gibraltar is a European parliamentary democracy within the European Union, giving it passporting rights throughout the EU in all financial services matters including banking, investment services, insurance, insurance mediation and reinsurance. Gibraltar-licensed financial services firms therefore have access to a market of close to 500 million people.*
